Computer Use Policy

1. The Library's computers are available to all patrons. Currently enrolled Northwestern students, however, are given priority.

2. There is a one-hour time limit for use of the computers. While the time limit is not strictly enforced, during periods of heavy demand, patrons may be asked to limit their use.

3. The computers shall be used on a first-come, first-served basis, rather than by reservation.

4. Games may not be used on any computer.

5. Users will comply with the Library Internet Policy and Rules of Conduct and with Northwestern's Acceptable Use Policy for Computer Facilities.

6. The Library makes every effort to comply with United States Copyright Law pertaining to computer software use.
