The Connecticut State Colleges and Universities System

Code of Conduct

For Regents, Employees and Volunteers

Message from CSCU President Mark E. Ojakian,

The Connecticut State Colleges and Universities System aspires and commits to the highest standards of integrity. All members of our community are bound by federal, state and local laws which govern our activities. As a result, it has become increasingly important that all members of the Connecticut State Colleges and Universities community know and understand the relevant laws and policies to assure compliance.

The Board of Regents for Higher Education is ultimately responsible for ensuring compliance. Through its Human Resources and Administration Committee the Board of Regents has worked with the Faculty Advisory Committee, gathered comments and produced this Code of Conduct. The Code was the product of more than a year of discussions and was developed with input from faculty, staff and administrators.

Although the Code of Conduct does not supersede any provision or process provided through Collective Bargaining Agreements, it is intended to serve the following purposes:

1. Provide the basic expectations for workplace behavior for all faculty, administrators, staff, volunteers, independent contractors and members of the Board of Regents for Higher Education;
2. State the Board of Regents commitment to the highest standards of integrity in its institutions and its operations; and
3. Remind faculty, administrators, and staff of the policies, regulations and laws with which they are required to comply.

Please read the Code carefully, retain it for your reference and be aware of your role in compliance. If you have questions regarding your compliance, please contact the System Office Division of Human Resources or the Office of Legal Affairs. I appreciate your dedication to our students, the institutions and to CSCU. Thank you for your continued commitment to the highest levels of integrity and ethical conduct in your work and responsibilities.

Sincerely,

Mark E. Ojakian
CSCU President

I. PURPOSE

Connecticut State Colleges and Universities (CSCU) are committed to the highest ethical and professional standards of conduct. All members of the CSCU community have a duty to conduct themselves with integrity, to act with the highest ethical and professional standards, to exercise responsible judgment, and to demonstrate accountability and compliance with state and federal law, CSCU Board policies and procedures, and collective bargaining agreements. This Code sets forth the principles, values and standards for all members of the CSCU community.

II. SCOPE

This Code applies to the following:

- The Board of Regents for Higher Education, as both an institutional board and as individuals;
- All faculty, staff and independent contractors within the jurisdiction of the Board of Regents for Higher Education; and
- Volunteers and other representatives when speaking or acting on behalf of the Board, CSCU or any of its composite institutions.

All persons to whom this applies are hereinafter referred to collectively as “community members”.

Those persons who are attending classes or enrolled in academic programs are hereinafter referred to as “students” and are governed by Board of Regents Policy: Student Code of Conduct, as may be amended from time to time. Students who are Regents are governed by this Code when engaged in matters directly related to their service as members of the Board of Regents for Higher Education.

Note: This Code reflects federal and state laws and BOR policies and procedures that currently govern the BOR and CSCU. This Code does not create any additional or different rights or duties of a substantive or procedural nature. This Code shall not abridge community members’ rights to due process as guaranteed by the provisions of applicable collective bargaining agreements, which shall govern the administration of this Code. Any disciplinary action shall be based upon violations of laws, policies, and collective bargaining agreements, as applicable, existing independently from this Code.

III. PRINCIPLES

The Principles that underlie this code are

- ❖ **PURSUIT OF KNOWLEDGE AND LEARNING:** Reasoned argument, scholarly inquiry and human creative expression are essential to the mission of CSCU.
- ❖ **RESPECT FOR PERSONS:** A commitment to diversity, civility, inclusivity, and respect for differences is paramount.
- ❖ **RESPONSIBILITY, BENEFICENCE AND SERVICE:** Community members have a shared responsibility to provide a safe, secure, and healthy learning and working environment for all community members and students and to share CSCU's creativity with the public at large.
- ❖ **SHARED GOVERNANCE:** The Board, faculty and staff are committed to working together for the benefit of the entire CSCU community.
- ❖ **INTEGRITY:** Ethical conduct is a fundamental expectation for every community member. Community members are expected to foster a culture of ethics and compliance.

IV. VALUES

A. Pursuit of Knowledge and Learning

CSCU's orientation is to provide avenues to gain knowledge and advance learning in all of its forms. This includes maintaining appreciation for reasoned arguments to support claims of truth, the scientific method, the rigor of scholarship, the variety of human languages and cultures, and artistic expression in all of its forms.

To support the pursuit of knowledge and learning as a core value, CSCU is committed to and values the following:

1. **Academic freedom** is essential in preserving the conditions that foster open inquiry and human creative expression.

2. **Intellectual honesty** in teaching, learning, and research preserves the integrity of the scholarly process. Community members are expected to:
 - a. ensure the originality of work and provide appropriate credit and reference for the work, the words, and the ideas of others;
 - b. maintain faithfully the integrity of methodology and data in conducting research and the dissemination of findings;
 - c. consult with and adhere to the requirements of institutional review boards, if one is conducting research on human subjects;
 - d. adhere to established procedures for the humane treatment of animals, if one is conducting research on animals;
 - e. fairly assign authorship credit in the dissemination of research, scholarship, and creative work.
3. **Professional standards** for many academic, student support and governance disciplines have been established and disseminated by professional associations. Faculty, staff, and Regents are expected to adhere to applicable standards.
4. **Scholarly inquiry** requires that matters that some may consider disquieting or troubling be addressed directly. Maintaining respect for the rights of others to share and to argue for a perspective or a point of view with which one disagrees is essential for preserving our institutions and System as places of critical inquiry in which fostering knowledge and learning remains a core value.

B. Respect for Persons

Respect for persons means that people are entitled to full participation in our system and its colleges and universities in contexts that are free from discrimination and that people are entitled to public information to make informed decisions.

To assure respect for all persons, CSCU requires community members to support the following:

1. **Respecting diversity** and equal employment opportunity provides community members the same privileges, rights, and responsibilities regardless of race, ethnicity, gender, religion, sexual orientation, gender identity or expression, age, disability or other protected characteristic.

2. **Bullying, harassment, and sexual harassment** violate respect for persons and are not tolerated.
3. **Conflicts of interest** must be avoided, and it is the responsibility of community members to be familiar with the State of Connecticut and the Connecticut State Colleges and Universities Ethics Statements.
4. **Transparency** on all matters of public, institutional, and academic policy is necessary.
5. **Fair evaluations** of faculty, staff and students should be reasoned and conducted based on specified criteria.
6. **Controversy** may arise as community members balance inclusivity, diversity, and the pursuit of knowledge and learning, in which people with diverse ideologies and perspectives are encouraged to speak freely and openly. Community members should be vigilant in protecting all populations from intolerance.

C. Responsibility, Beneficence and Service

Within the CSCU System, higher education is open to all. The sharing of knowledge and learning within our institutions requires us to welcome and provide service to the students that come to us and also to contribute to the culture and the institutions in our local communities and in the wider world.

Beneficence and service requires outreach to create a welcoming and encouraging environment for students, parents, and members of the community, being a good steward of public resources, and maintaining healthy, inclusive and safe workplaces.

D. Shared Governance

CSCU institutions are built on traditions and practices of shared governance. Faculty members are the experts in their specific disciplines and practices, and maintain certain responsibilities in their disciplinary areas in matters related to programs and curriculum.

Faculty and staff are elected by their colleagues to serve on key governance committees at their campuses. Many academic and institutional policies are subject to faculty and staff review and comment, and people should be free to voice their views and their

dissent. Faculty and staff are also key contributors in the hiring and performance review of their colleagues.

At the system level, to facilitate policy research and decision making for CSCU and/or its constituent units, the President or his/her designees may appoint various CSCU bodies such as councils, committees, task forces, etc.

V. **STANDARDS**
