Northwestern Connecticut Community College

The campus is comprised of 11 buildings in the town of Winsted, Connecticut. Many of the buildings flank the rotunda and the newly constructed Joyner Health Science Center anchor the south end and welcome visitors and Greenwoods Hall anchor the north end of campus, while the Learning Resource Center, with its grand entrance, is a two-year, co-educational college, serving all of Litchfield County since 1965. NCCC is part of the Connecticut State University System and is a member of the American Association of State Colleges and Universities.

The campus is home to the fourth oldest of the 12 community colleges, NCCC has a well-defined history of serving students by offering excellence in teaching and learning opportunities. High quality students and services, state-of-the-art technology, and premier cultural events for both students and the community are signatures of NCCC that helped rank them as one of the top ten community colleges in the United States two years in a row by soldbuch.com.

As the fourth oldest of the 12 community colleges, NCCC has a well-defined history of serving students by offering excellence in teaching and learning opportunities. High quality students and services, state-of-the-art technology, and premier cultural events for both students and the community are signatures of NCCC that helped rank them as one of the top ten community colleges in the United States two years in a row by soldbuch.com.

The campus is comprised of 11 buildings in the town of Winsted, Connecticut. Many of the buildings flank the rotunda and the newly constructed Joyner Health Science Center anchor the south end and welcome visitors and Greenwoods Hall anchor the north end of campus, while the Learning Resource Center, with its grand entrance, is a hallmark of the newly constructed Joyner Health Science Center and marks the north and south ends of campus.

Traveling routes 8 and 44 to both the town and the college.

Our Students

Teaching, Learning & Scholarship

Teaching and learning are at the heart of NCCC's mission. The College prides itself on its diverse and excellent faculty and staff.

With a 13:1 student-faculty ratio and a shift in focus to student-centered learning, NCCC's faculty promote continued active learning and engaging experiences. In spring semester, student-centered learning involves critical thinking and provides avenues for students to demonstrate knowledge by taking risks and challenging peer learning.

Teaching and learning experiences include opportunities to participate in student-centered learning activities such as laboratory work, case studies, and group projects.

Academic Programs

NCCC currently offers 41 A.S. or A.A. degree programs and 20 certificate programs, which include Allied Health, Business and Social Sciences, Business, Fine Arts, Computer Technology, General Studies, Laboratory, Liberal Arts, and Natural Sciences. The college offers a wide range of degree and certificate programs designed for students to transfer to or attend other four-year universities.

Student Outcomes

Recent graduate survey data indicate that 75% of graduates reported that their jobs were in a field related to their NCCC major. More than 50% of graduates reported that they

Affordability

Many college students depend on financial aid to pay tuition, fees, and other academic costs. More than half (54%) of NCCC students receive financial aid, and nearly one-third of NCCC students receive full tuition in aid, including approximately $1.4 million in Pell grants.

Teaching and learning are at the heart of NCCC’s mission. The College prides itself on its diverse and excellent faculty and staff.
