HOW TO VIEW YOUR FINAL GRADES

Final grades are available online in MyCommNet. Final grades will be available the business day after your instructor enters them. To access your final grades, login to MyCommNet and click on “Banner Student and Faculty Self-Service” on the right.

- Click on “Student Records” tab
- Click on “Grades/Registration History”. This form will show your Final Grades for semesters you have attended

If your Final Grades are not showing for the newest semester, they likely have not been entered yet.

Please note: Your term GPA, cumulative GPA, and Academic Standing will not be updated until May 20th.

While the Physical Campus is CLOSED, we have moved to an all-online education format for the remainder of the semester!

COMMON QUESTIONS FROM FIRST-TIME FAFSA® FILERS

What kind of information must my parent provide on the FAFSA® form?
Your parent must report basic information about their household size and financial circumstances (e.g., tax information, certain assets, certain untaxed income).

What if I'm unable to provide parent information due to special circumstances?
You can still complete the FAFSA® form. We do not recommend excusing your parent's info unless you really have no other option. Without your parent's info, you may not receive subsidized loans or even a Pell Grant (which doesn't have to be renewed). Check with your school's financial aid office for further assistance with your unique situation.

What if I can't afford the college application fees?
Some schools offer fee waivers, which are generally given to students who demonstrate financial need. For students who request a fee waiver based on financial need, the decision will depend on the school's waiver process.

What if my parent doesn't have a Social Security number (SSN)?
If your parent does not have a SSN, we won't be able to create an FSA ID and therefore won't be able to sign your FAFSA® form electronically. At the end of the FAFSA®, you'll need to select the option to print a signature page. First, have your parent sign it, and then mail it to the address indicated on the page.

Why do I need to fill out the FAFSA® form ASAP?
You should fill out the FAFSA® form as soon as it becomes available on Oct. 1, because you'll have a better chance at getting more state and school aid. Some states and schools have limited amounts of aid.
