Dear Student:

This letter is a reminder that classes begin August 26, 2021. If you wish to register for classes, please complete the registration form on the back of this letter and return it to us by August 20th. If you already sent in your registration form, please do not respond to this mailing.

I have included course descriptions and a Registration Form in this mailing. The Registration Form has many of the classes that our senior citizen students enjoy taking. Please place an “X” next to each class that you would like to be registered for. Please also indicate whether you wish to audit the class or receive credit. We begin registering students who are using the senior citizen tuition waiver the first week of classes. Your early response is encouraged.

Due to COVID-19, most of our classes are virtual, either Online (you do the work independently, anytime of the day) or LRON (the class takes place online during the days and times provided). Both options will require you to login to MyCommnet to access Blackboard, where our online teaching takes place. If you decide you would like to take an online or LRON class, we will register you at the end of August.

Please return the completed form to:

ART 187 Museum Treasures: Medici Portraits & Politics
This course focuses on the Metropolitan Museum of Art exhibit, *The Medici Portraits & Politics, 1512-1570*, which includes over ninety artworks from the age of Cosimo I de' Medici. This era was a transformative time as the Medici regained power, and Florence became a duchy. In 1537, Cosimo I de' Medici became the Duke of Florence and later the Grand Duke of Tuscany after conquering Siena. His descendants would follow as grand dukes into the eighteenth century. The House of Medici ruled for almost three centuries. Their patronage, beginning with Cosimo the Elder, transformed and drove the culture that became the cradle of the Renaissance. *The Medici Portraits & Politics, 1512-1570* exhibit includes works on paper, sculptures, medals, and stunning portrait paintings created by leading Renaissance artists, such as Agnolo Bronzino, Jacopo Pontormo, and Francesco Salviati. The class will examine Medicean artworks and show how they reflect their subjects' social positions and cultural ambitions in a way that characterizes Florentine portraiture and Renaissance art. The instructor will bring the exhibit to the class online. The four-week class is one credit and runs online from September 9 – 30, 2021. The course is subsidized by the NCCF / RAC.
