Dear Student:

This letter is a reminder that classes begin January 21, 2022. If you wish to register for classes, please complete the registration form on the back of this letter and return it to us by January 14th. If you already sent in your registration form, please do not respond to this mailing.

I have included course descriptions and a Registration Form in this mailing. The Registration Form has many of the classes that our senior citizen students enjoy taking. Please place an "X" next to each class that you would like to be registered for. Please also indicate whether you wish to audit the class or receive credit. We begin registering students who are using the senior citizen tuition waiver the first week of classes. Your early response is encouraged.

Due to COVID-19, most of our classes are virtual, either Online (you do the work independently, anytime of the day) or LRON (the class takes place online during the days and times provided). Both options will require you to login to MyCommnet to access Blackboard, where our online teaching takes place. If you decide you would like to take an online or LRON class, we will register you at the end of January.

Please return the completed form to:

ART 187 Museum Treasures: Turner's Modern Landscapes
This course focuses on the Museum of Fine Arts exhibition, *Turner's Modern World,* which includes over 100 artworks by one of Britain's greatest artists Joseph Mallord William Turner (1775–1851). Turner, known as "the painter of light," was an English landscape painter during the age of Romanticism. This era was a transformative time, and the artist captured the new world at the height of the industrial revolution and social reform. He began as a topographical watercolor painter and traditional painter of landscapes, particularly seascapes. His signature style of wild brushwork and dynamic compositions combined with contemporary subjects identifies him as one of the founders of modern art. The Guardian described the exhibit as "a roaring, wondrous whirlpool of a show." This landmark exhibition includes oils, watercolors, sketchbooks, and drawings from the MFA, Cleveland Art Museum, and the Tate Britain, where Turner bequeathed much of his artworks. Other lenders include various British museums, the Museum of Fine Arts Houston, the Metropolitan Museum of Art, the Kimbell Art Museum, and the Yale Center for British Art.

This online course runs from April 1-29, 2022.
